Beauty starts with clean water

Welcome to Seoni.
You didn't simply change your showerhead.
You chose purer water, for softer skin
and healthier hair, day after day.
This is where your beauty ritual begins.

Installation

01. Unscrew your old showerhead
02. Check that the washer is in place
03. Screw on your Seoni showerhead
04. Let the water run for 30 seconds

Your Seoni Ritual

01 `First shower`
Feel the difference.
Softer water. Fewer impurities.

02 `2–4 weeks`
Your skin feels more comfortable.
Less tightness, day to day.

03 `After 2 months`
Your hair finds its balance.
Softer. Smoother. Stronger.

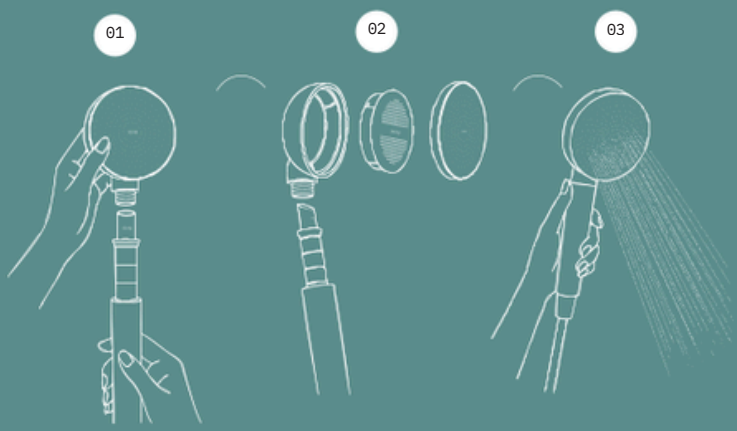

04 `Over time`
Less water-related discomfort.
Skincare that works better.

Change your filters every 3 months

Check your filter regularly. A change in color means impurities are building up. Each filter gives you 3 months of pure water. After that, you lose the benefits.
